

ENHANCER ORGANIC FERTILISER

100%
CERTIFIED
ORGANIC

ENHANCER ORGANIC FERTILISER

PELLETIZED

CARBON ENRICHED

Enhancer is approved by Ecocert SA for the use in organic farming. The methods and processes of manufacturing is audited by Ecocert SA annually to ensure that it complies with the guidelines and standards of Ecocert SA.

Certification ensures compliance with the following guidelines and standards:

- Low heavy metals
- No residues
- Trace back of raw materials to origin
- No traces of genetically manipulated materials

BENEFITS

- Completely safe to use and low in odour.
- Gardener friendly because of its granular texture.
- Dust-free, clean and easy to handle and store.
- Contains a wide range of trace elements and slow release nutrients, such as Iron, Copper, Zinc and Boron. Its granular texture ensures slow release.
- Contains roughage, which together with air and water, improves soil texture.
- Stimulates microbiological activity. Therefore micro-elements are more available to plants.
- Improves soil structure through microbial and earthworm activity and assists in releasing existing nutrients in the soil.
- Pathogen and weed free.
- Improves water retention. Ideal for water wise gardens.
- Increases hummus content, thereby improving disease and drought tolerance.
- Does not leach through the soil, thereby ensuring maximum nutrition.
- Ideal for all soil conditions, especially sandy soils.

APPLICATION

Virgin soil: 500g/m²

Fertile soil: 300g/m²

Pre-winter and beginning of spring

Maintenance and feeding

(repeat twice in period): 100g/m²

1. Be sure to water well, water has two functions in the process: it translocates the product to the roots and oxygen in water activates the nutrients of the product.
2. Avoid direct contact with leaves and roots.
3. Store in a cool dry place.
4. 1kg cover approximately 10m²

COMPOSITION

(Average analysis)

| | | | |
|----------------|-----------|-------------|----------|
| Nitrogen (N) | 30g/kg | Copper (Cu) | 91mg/kg |
| Phosphorus (P) | 14g/kg | Zinc (Zn) | 562mg/kg |
| Potassium (K) | 32g/kg | Boron (B) | 83mg/kg |
| Calcium (Ca) | 29g/kg | Ash | 257g/kg |
| Magnesium (Mg) | 8g/kg | Moisture | 129g/kg |
| Manganese (Mn) | 676mg/kg | Sulphur (S) | 5g/kg |
| Iron (Fe) | 1919mg/kg | PH | 7.02 |
